

Here at Broadslap Farm Café (with the help of our Scottish tea supplier) we have taken great care to select an exclusive range of the highest grade teas and infusions. Our rather special approach to tea service is the best way we could find to care for our environment. We fill our little tea sacs with a scoop of loose leaf tea. Our tea sacs are 100% biodegradable (made from manilla hemp) and are discarded into our food waste once you've enjoyed your brew.

**PLEASE CHOOSE A TEAPOT FOR ONE FROM**
